Equipment/Component: Coatings

Model: Lining Kote 6000

Description: Two-component epoxy coating that performs as a topcoat for metal, concrete, masonry, wood, and most other surfaces. Protects against harsh acids, chemicals, and solvents, and offers outstanding resistance to water, humidity and corrosion. Provides exceptional adhesion and flexibility. Ideally suited for tank and concrete linings and surfaces. See attached "PDF"

Intended Service: Bulkhead, ceilings and decks in marine applications where compliance with IMO requirements for smoke and toxicity and low surface flammability are indicated.

Ratings: Meets the SOLAS 1974 (as amended) requirements for paints/finish materials requiring compliance with Parts 2 (Smoke & Toxicity) and 5 (Surface Flammability) of the IMO FTP Code, Res.MSC.61(67).

Standards:

**European Union Marine Equipment Directive
96/98/EC as Amended by 2002/75/EC**

**IMO Res.MSC.61(67) Parts 2 & 5, IMO
Res.A.653(16)**

Service Restrictions:

- 1) General shipboard and offshore use.**
- 2) This product may not be used solely in order to provide A-Class, B-Class or F-Class fire resistance to coated surfaces where such classification is required, unless further testing has been performed and approval has been achieved.**
- 3) This product may not be used in applications requiring intumescent coatings.**

Comments:

- 1) Coating thickness - 115 mils (wet), 100 mils (dry).**
- 2) Application and use are to be to the manufacturer's instructions and the limitations set forth herein.**
